Burdwan Raj College

Prospectus *(For the Academic Year 2019-20)*

Burdwan Raj College – Prospectus for the Academic Session 2019-2020

Introduction

A college is known through the flavour of its academic wisdom. This feat basically has twofold manifestation: i) A teaching learning process which leads to outstanding achievements of the students, ii) A remarkable research orientation of the teachers. From both these points the reputation of Burdwan Raj College has been pervaded by and surcharged with the accolades it received for about 150 years. Subsequently, it has produced a galaxy of eminent personalities in various fields of arts, science, commerce and not the least, politics and administration. The long list of luminous alumni speaks highly about the College, its aims, objectives and achievements.

Burdwan Raj College was established in 1881 and it has a close connection with the Maharajas of Burdwan, viz., Tej Chand, Mahatab Chand and Aftab Chand and others. The royal patronage was taken over by the Govt. of West Bengal in 1956 under the sponsoring scheme and the College was affiliated to the University of Burdwan in 1960. It runs three shifts – Morning (only General – Arts & Science), Day (Hons. and General in Arts & Science) and Evening (Commerce–Hons. & Genl.). 21 Hons. courses are taught here in addition to B.B.A. (H) and B.C.A. (H) thereby opening up diverse fields of knowledge with flashes of delightful wisdom. It is at present a constituent College of Burdwan University as it offers P.G. programme of studies in Bengali.

The location of this College deserves special mention. Both Burdwan Medical College and Hospital and The University of Burdwan are adjacent to this College. It is not very far away from Burdwan Railway Station and Bus stoppage. These indicate its communication friendly feature. Situated amidst the vast serenity of 17 acres of land on the banks of Shyamsayer, Burdwan Raj College beholds the central attention of this historic town.

The fame of Burdwan Raj College has been so widespread that it is needless to mention that this institution always instils values and confidence that transform learners to the acme of their achievements to become better human beings. Mere education for education's sake is not our goal; education with a mission to strengthen human bond in the larger perspective of the globe is our motto: "*sahṛdayaṃsāṃmanasyamavidveṣaṃkṛṇomivaḥ*". ["I make you emotionally sympathetic to each other; intellectually of the same mind and free from mutual jealousy"]. Thus, the College strives always for the ascent and excellence of learners in order to establish them in life.

Application Process:

Steps to complete the Admission Process:

Filling up and uploading of testimonials/photographs/signature etc. at the online portal → Submission of the Online Form → Payment of Application fee → Publication of Merit list (for valid candidates) → Publication of E-counselling list (for eligible candidates) → Payment of Admission fee → Verification.

All eligible candidates are required to register online through the internet. Registration includes entries of student details. Successful registration means creation of registration ID and password.

Thereafter the system will automatically generate candidate e-challan for payment of registration fees worth **Rs.300/-**.

For Date of registration please follow the notice in the College website.

If payment is not corroborated by the bank concerned, the options exercised will stand automatically cancelled.

Calculation of Merit point:

To calculate the percentage of marks at 10th level consider aggregate marks in Madhyamik without additional marks.

To calculate the percentage of marks at 12th level, add marks of best 5 subjects studied.

In case of CBSE and ICSE (10 standard), if marks of Board exam are available, add upto the final aggregate. If marks of Board Exam are not available, the marks given by the Institute and approved by the concerned Board will be taken into account for calculation of percentage of marks.

In case, marks are not awarded but grade points (GP) are awarded, GP is to be converted into marks on the 100-point scale. If letter grades with range of marks for the letter grades are given, then the mid value of the range of a particular letter grade will be considered for determination of the percentage of marks.

Marks obtained in Environmental Studies will be considered for merit point only if such subject (i.e., Environmental Study) is compulsory elective or optional elective.

In case of CBSE and ISC (12 standard), consider best 5 subjects and find the aggregate marks.

If only one language is available, it is doubled to calculate the aggregate marks. In that case, put the marks obtained in First Language also in the column specified for Second Language.

Grade point in the merit list will be calculated in accordance with the merit formulation criteria for different honours subjects as well as admission fee are mentioned in the following table.
